CALL OF THE RING UPSETS COUNCIL

American Members Cancel City **Business for Pleasure** at Ogden.

LEGAL EXCUSE

SESSION RECALLED AND HALL STARTS INVESTIGATION.

Does a prize fight take precedence over the transaction of important municipal business, and is a prize fight logal excuse for cancelling a council meeting?

Councilman L. E. Hall went on record

at the meeting of the city council that it does not, and he won out in his de-cisive stand. Some American members of the coun-

Some American members of the council—Moreton, Mulvey, Davis, O'Donnell, Reedall—together with City Recorder B. S. Rives, late yesterday afternoon decided that they would go to Ogden to attend the Sinclair-Erlenborn match, and accordingly, with the approbation of the aldermen, Recorder Rives called off the council meeting.

In a caustic speech Councilman Hall reised this point: By what authority members of the council had to place their own pleasure before that of public business. lic business.

While Councilman Hall "named no names" he said he understood that Re-corder Rives had called the meeting of the body off upon the request of two members of the council whom h understood were in Ogden attending the prize fight. He declared that he would ask for authority of the recorder in calling off the meeting.

calling off the meeting.

He said the rule was that two members of the council might ask for a special meeting of the council, but he had never heard of a rule whereby two members could call off a regular meeting that they might attend a prize fight which, to say the least, is in violation of the state law.

Send Hurry-up Call.

Early in the day invitations had been sent to all of the members of the city council to attend the fight. When it was learned that the meeting could not be legally called off, there was a hurrying and scurrying to notify stayat-home councilmen to that effect. As a result it was late when the council got down to business.

A resolution was adopted that the city recorder be instructed to notify the Utah Gas & Coke company to discontinue the practice of allowing refuse water and other unsanitary sediment from their plant to run on public streets and in ditches.

and in ditches.

A resolution was adopted instructing the board of public works to notify Doyle Brothers & Schwartz that they are allowed three days in which to remove the surplus earth and rocks resulting from the installation of water mains in the Fourth ward. In the event of the firm's failure to comply with of the firm's failure to comply with this resolution the street supervisor is

instructed to remove the obstruction and deduct the cost from the amount due on the firm's next estimate.

A petition from the Utah Ice & Storage company for permission to construct two spur tracks to cross Second North street was read and referred to the municipal laws committee to report next Monday night.

For Additional Clerk. For Additional Clerk.

Crdinances were passed levying taxes on sewer extensions 199, 225 and 228. City Recorder B. S. Rives was authorized to hire an additional clerk in the civil division of the city court, at a salary of \$90. An ordinance proposing an increase in the salary of Humane Officer Harry S. Mercer to \$100 a month | JUDGE J. M. BOWMAN, who served was presented and read for the first | with General U. S. Grant during the

The ordinance in reference to the pe-The ordinance in reference to the petition of Walter J. Frazier, city food and dairy inspector, for an additional deputy at a salary of \$75 went over till the next meeting. The petition of the Denver & Rio Grande railroad asking for a franchise to lay a spur track about 150 feet in length, at Fourth West and Fifth South streets was referred to the municipal laws committee.

The public grounds and waterway committee recommended that the 160 acres of ground in City Creek canyon offered for sale by Mrs. Mary J. Pearson be purchased by the city, with the proviso that \$250 be paid for the option, and the balance of \$1,750 be paid January 15, 1911.

MARRIAGE LICENSES.

Edward William Parker and Mabel Binghurst, Bennion William H. Stirling and Martha Thyrring, Salt Lake. W. F. Garrison, Roy; Anna A. Meadows. Clinton.

WHEN YOU HAVE RHEUMATISM YOU KNOW IT

And If You Have Had It You Will Recognize This As a Truthful Description of an Actual Case. Every one who suffers from rheuma-

tism will recognize the description of a

genuine case at sight. In the following brief statement are vividly described the symptoms which

every patient will recognize and the means by which a cure was effected in this case is described with equal fidelity. If you are suffering from any form of rheumatism with loss of flesh and strength, and thinning of the blood, the remedy that was so effective here deserves a thorough trial.

Mr. W. R. Harper, of Altoona, Kan., who was cured of rheumatism by Dr. Williams' Pink Pills, gives this blood-making medicine the following endorse-

My work has exposed me to all kinds of weather for years and led to my being a sufferer from rheumatism. The pains affected my back mostly. When I would be walking along they would catch me suddenly and were so sharp that I would be nearly doubled up. I also had severe pains in the muscles of the legs. My kidneys were very weak and pained me constantly. My blood was thin and poor and my limbs often felt as though there was no circulation in them. Occasionally the pains were so severe that I had to remain in bed for a day or two.

"I was treated by several doctors and tried many remedies and liniments but none of them gave me much relief. It was not until I tried Dr. Williams' Pink Pills that I began to improve. The pills gave me pure blood and entirely cured e. I have had no return of the trouble

"Some time ago my daughter was all run down, had no strength or ambition and not a particle of color. Her appe-

BILL NOT AMENDED. Washington, April 2.8-No amendments of any character were placed on the postoffice appropriation bill by the Senate committee, which today ordered the bill reported. Unless amendments are adopted on the Senate floor, the bill will not have to go to conference, and much time will be saved. This would be almost unprecedented.

Enjoy Your Meals.

Pleasant Tablet After Each of Them.

When digestion is perfect the fluids necessary to this process come naturally to the aid of the stomach. They are of right proportion and do their work speed-ily and well. When indigestion and dys-pepsia are prevalent, these same juices come slowly if at all, are weak and insufficient or are filled with strong acids and alkalies. When such a condition exists, each

meal is a hardship upon the digestive organs. The meal should strengthen the juices, but on the contrary it weakens them, so that man by the very act of eating causes conditions to arise which of themselves bring him pain and loathing for the next meal.

By eating one of Stuart's Dyspepsia
Tablets you mix the tablet with your
saliva and it goes into your stomach a
strong, vigorous fluid, many times more
